FALL 2022

A NOTE FROM OUR DIRECTOR

Now that the dog days of Summer are quickly becoming a faded memory, it is time to focus on the cool Autumn days ahead. We're excited to present you with this Fall newsletter. We hope that the information and resources you find will help you and your child prepare for the future. We know that looking towards the future can be both exhilarating and stressful, but there's nothing like being prepared. It is our hope that you get excited as you begin to prepare for all the upcoming fall holidays with your children and family while setting a new course and goals for a bright future with your children.

Enjoy and welcome Fall!

Barbara A. Coaxum, M.A.C.C.C.-SLP,BCS-F
Executive Director

Therapy Solutions Inc.

915 Montgomery Ave # 310,
Penn Valley, PA 19072

therapysolutionsinc.com

WHAT YOU'VE MISSED...

- Kim Moore (SI) has officially retired in mid August
- We welcomed Victoria Bloom (PT), Leigh Tarrabocchia (OT), Lauren Hoyt (SLP), Molly Gray (Admin.) and Nick Pizzi (OT) to our team

WHAT'S HAPPENING...

- Gift of Giving and our Walmart Shopping Spree will take place on December 17, 2022
- Elwyn services are back in session for the 2022-2023 school year
- Barbara Coaxum has settled nicely into her new role as Co-Chair for the Southeast Region of EIPA (Early Intervention Provider Association)

LOOKING FORWARD...

- Girlfriend's Night Out is April 29, 2023
- Be on the look out for a Fall 2023 fundraiser announcement coming soon.

THERAPY SOLUTIONS

Our annual summer camp was a blast! Pictured above are four of our campers on a field trip to the Philadelphia Zoo. Check out the recap video on [YouTube](#).

RESOURCES FOR FAMILIES

Be sure to check out our Facebook and Instagram Pages every Wednesday for **Wisdom Wednesday**. We will be highlighting a different educational resource each Wednesday for you and your child with websites, links, pages to follow, and more!

THERAPY SOLUTIONS

Have you ever wondered what it means if your child has a speech and language disorder or delay?

There are different types of disorders and delays, and your child's school or early intervention speech and language pathologist (SLP) can help. Read this interesting article that breaks down the types of speech and language disorder your child can have as well as all the services that can be provided by the speech-language pathologist. You'd be surprised by all the services a SLP can provide to help you and your child.

Should you have concerns with your child's speech and language development, you should also seek the advice of a professional. Children ages birth to three in the state of PA can be evaluated and receive services free of charge through their local early intervention programs. Families should call 1-800-CONNECT for more information on how to access early intervention services. If your child is of school age, contact the school and ask to have your child evaluated. If your child qualifies for services, the school will offer your child an IEP and will provide the services needed.

You can also feel free to reach out to us at 610-660-8200 if you're interested in receiving private therapy or assistance to receive early intervention services. For further information on types and what it means for a child to have a speech and language disorder or delay, check out this short, informative article.
